PRIVACY POLICY

AI-Powered Productivity Hacks for Entrepreneurs

Simply Enterprising | Effective date: 5th October 2026

Your privacy matters to us. This Privacy Policy explains how Simply Enterprising (“we”, “us” or “our”) handles personal information when you visit the AI-Powered Productivity Hacks for Entrepreneurs website, request the free eBook, or contact us. Please read this policy and contact us if you have questions.

1. 1. Information we collect

When you request the free eBook, we may collect the information you enter in the signup form, such as your first name and email address. If you contact us for support, we will receive the information you choose to include in your message.

Our website host and service providers may also process technical information needed to operate and secure the website, such as IP address, browser or device information, server logs, and basic usage data. The information collected depends on the website and service settings in use.

2. 2. How we use your information

We use the information you provide to:

• process your eBook request and make the download available;
• send subscription confirmation and the emails associated with the eBook, including related updates or offers where permitted;
• respond to support requests;
• maintain, protect and improve the website and our services; and
• meet applicable legal obligations.

We do not ask you to provide payment-card details to receive the free eBook.

3. 3. Email subscriptions and AWeber

We use AWeber to manage email subscriptions and send confirmation messages and follow-up emails. Information submitted through the signup form is processed by AWeber on our behalf, subject to the service and settings we use. AWeber may process information in accordance with its own privacy terms.

Depending on the form settings, you may need to confirm your subscription before you are added as a confirmed subscriber. You can unsubscribe using the unsubscribe link included in our marketing emails. If you unsubscribe, we will stop sending the relevant marketing emails, except for messages that may be necessary to complete a request or meet a legal obligation.

4. 4. When information may be shared

We may share information with service providers that help us operate the website, deliver downloads, manage email subscriptions, provide hosting, or maintain security. They should receive only information relevant to the services they provide.

We may also disclose information where required by law, to respond to lawful requests, or to protect our rights, visitors, or services. We do not state that information is never shared; the handling of information depends on the services used and applicable law.

5. 5. Third-party websites and services

Our website or emails may link to third-party websites, products, or services. Those third parties operate under their own privacy policies and terms. We are not responsible for the privacy practices of websites we do not control. Please review their policies before providing them with personal information.

6. 6. Cookies and technical data

Our hosting provider or third-party services may use cookies or similar technologies for essential website functions, security, analytics, or other purposes depending on the settings enabled. We will update this section if we add or configure analytics, advertising, or other tracking tools that materially affect how information is collected. You can also manage cookies through your browser settings, although disabling some cookies may affect website functionality.

7. 7. Storage, security and overseas processing

We take reasonable steps appropriate to our circumstances to protect personal information against misuse, loss, unauthorised access, alteration, or disclosure. No website, email transmission, or storage system can be guaranteed completely secure.

Our service providers may store or process information in Australia or other countries. Where applicable law requires particular safeguards for overseas disclosures, we will take steps required by that law.

8. 8. Access, correction and deletion requests

You may contact us to ask about personal information we hold about you or to request correction or deletion, subject to applicable legal requirements and any records we need to retain. We may need to verify your request before acting on it. You can unsubscribe from marketing emails at any time using the link in the email.

9. 9. Children

This website and the eBook are intended for a general entrepreneurial audience and are not designed to knowingly collect personal information from children. If you believe a child has provided personal information, please contact us so we can consider the appropriate steps.

10. 10. Changes to this policy

We may update this Privacy Policy when our practices, services, or legal requirements change. The revised version will be posted on this page with an updated effective date. Please check this page periodically.
